Creativity in progress

Since 1982

with the raw material of aluminium and our ideas as inspiration, we work with devotion to continually improve the lives of our clients through the creation of a better, safer and more comfortable environment. This is what we mean at ALUMINCO when we say **creativity in progress!**

Using stickers to push brand image

Stickers are one of the most versatile marketing tools. Aluminco effectively use stickers to push and promote its brand image.

Aluminco Promotional stickers can be used in so many different ways and in so many different places, giving people an opportunity to take notice of our logo or slogan outside of the usual context, giving us more top-of-mind awareness.

Whether you are using our stickers by itself or sticking it to something else, nothing else comes close when you're talking about potential advertising value

Applications

Use to cover various surfaces such as glass, acrylic, melamine, aluminium, wall, etc. Best perform on cars, on windows, on bulletin boards, on lamp posts, on walls, on stands etc.

Technical

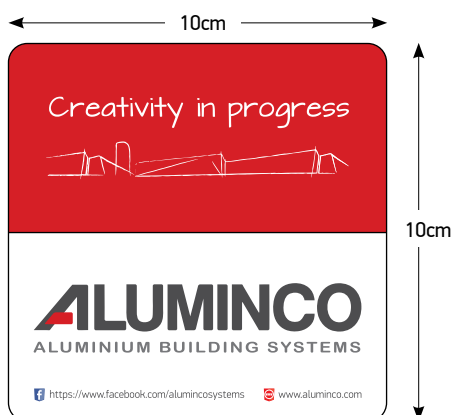

These stickers can be used indoors or outdoors. They are water-proof and UV-resistant which means they can tolerate varying weather conditions. Stickers are available in two sizes 80x17cm, 10x10cm and it is extremely easy to install.
