

Crystalline[®]
railing system

Slim·line

SIMPLY...IRRESISTIBLE!

So **slim**, **elegant** and **durable**, with the **best quality - to price relation**, a glass railing could never be more attractive. Thanks to the **excellent engineering**, you save time and frustration with this premium performance, your projects become a statement. Slim Line is truly "irresistible".

Are you in need of a railing system characterized by top strength and maximum resistance to all weather conditions?

Do you wish to achieve the finest slimmest design combined with optimum visibility and sense of freedom?

However, can you combine all these benefits in one railing system being affordable and easy to install at the same time?

The brand new Slim line offers all you can ask for!

Highlights

- Elegant slim design.
- High performance and durability.
- Cost-effective solution.
- Quick and easy installation.

Features

- On-floor installation (rail load up to 1.5 KN/m).
- One-piece 3 m and 6 m base shoe with pre-drilled profile.
- Specially hardened rubber seals support and protect the glass panel.
- Use of "wedge type" gasket to cover the inner gap.
- Compatible with tempered laminate glass and membrane types 5.5.4PVB, 6.6.4PVB and 8.8.4PVB.
- Maximum construction height up to 1.20 m.
- Integrated drainage system.
- Cap rails and handrails available in various sizes and shapes.
- Wide selection of shades.
- Ideal for private residences, offices, shops and more.

Once again ALUMINCO sets innovative trends with the introduction of Slim Line, which offers new performance standards without compromising in quality.

Awards & Recognition

The Crystalline system has received prestigious awards in recognition of its outstanding excellence and superior performance.
